19:06:30 From Lauren | GYOV Support Team to Everyone:

Crystal is LIVE from her Microgreen Grow Room tonight! She has pea shoots sitting next to her ;)

19:07:00 From Lauren | GYOV Support Team to Everyone:

Replying to "What is the easiest ..."

I believe Crystal is going to cover this for us!

19:07:08 From iPhone to Everyone:

Ok

19:11:37 From wendymorris to Everyone:

Do you buy the mix

19:12:48 From wendymorris to Everyone:

I heard gravel helps keep gnats away.

19:13:34 From Kowanda to Everyone:

I wonder if carnivorous plants, like a Venus Fly Trap, will help with pests.

19:13:45 From wendymorris to Everyone:

I thought you cook grow them in water?

19:15:31 From wendymorris to Everyone:

If you get it from a farmers market, should you clean it at home.

19:16:05 From Jamie to Everyone:

We use ProMix HP for our growing medium.

19:16:32 From Marie Torres to Everyone:

Yes! Grow room tour!

19:16:51 From Jane Urbanik to Everyone:

What liquid nutrient do you use?

19:19:21 From Janny. Ottawa, Canada to Everyone:

Are microgreens the same as sprouts?

19:20:07 From wendymorris to Everyone:

Do you just trim it to eat and it keeps growing or do you eat the whole thing including the seed part?

19:20:26 From Justin Lofton to Everyone:

I'M IN!!!

19:20:44 From Cameron to Everyone:

Celosia is edible? What is tetragonia?

19:23:15 From Cameron to Everyone:

Thanks for explaining. I was curious how you sold a chef on tetragonia, but it was a request.

19:24:15 From wendymorris to Everyone:

They do better in cooler temperatures?

19:24:35 From Jamie to Everyone:

For months, we grew without any mold issues. Now we're dealing with white mold every growing cycle. We sanitize our trays with either ozone water or vinegar. Do you ever need to do a big sanitization of your grow room? If so, what methods do you use?

19:25:28 From LuLu Zingalie-Adams to Everyone:

I am also getting mold now, after many years of success, not sure what the heck is going on...

19:26:53 From wendymorris to Everyone:

Replying to "I'm from Alberta, Ca..."

Do you have good experience with sprouts. I am trying that now. Would love to get together with you if you like.

19:27:26 From wendymorris to Everyone:

Replying to "I'm from Alberta, Ca..."

I have a mix of seeds starting to sprout and wondering when it the time to eat them?
